

www.poshbeads.com

See our gallery of work online and visit us at Riverside Market or betty@poshbeads.com.au. We buy Australian silver in the raw, alloy it into Sterling Silver and make the jewellery we sell. Our jewellery is made by Australian hands – in Australia. Recycling over and over and using sustainable techniques is important to us. Poshbeads glass bead importing and retailing business operates from a shed in our backyard. Bead buyers call 07-32812106 for an appt. to buy our glass beads retail or wholesale. Upcoming silver smithing workshop in Ipswich to melt down and recycle your scrap silver and gold into a new piece of jewellery. Read online info and talk to us to join the next class.
